

Summary of GHS Pictograms

Explosive

Explosives (divisions 1.1 - 1.4);
Unstable explosives; Self-reactive substances
and mixtures; Organic peroxides.

Flammable substances; Pyrophoric substances;
Self-heating substances; Substances that emit
flammable gases in contact with water.

Flammable

Oxidising

Oxidising gases (category 1); Oxidising
liquids (categories 1, 2, 3); Oxidising solids,
(categories 1, 2, 3).

Compressed gases; Liquefied gases;
Refrigerated liquefied gases; Dissolved gases.

Compressed Gas

Corrosive

Skin Corrosion/Burns; Eye Damage;
Corrosive to metals.

Acute Toxicity (Fatal or Toxic) oral, dermal, inhalation
(categories 1, 2, 3).

Toxic

Irritant

Skin & eye Irritation; Skin sensitisation; Acute Toxicity;
Specific target organ toxicity; Narcotic effects;
Respiratory irritation; hazardous to the ozone layer.

Aspiration hazard; Respiratory sensitization;
Carcinogenicity; Germ cell mutagenicity;
Reproductive toxicity; Specific target organ toxicity.

Health Hazard

Environmental Hazard

Acute or chronic hazards to the
aquatic environment.
